

**PRESS RELEASE: Create your own event at ZAPspace - the venue of choice for corporate team building and private functions.**

**28 February 2018**

ZAPspace - the stunning trampoline park in a theatre with impressive period features based in Stratford, London, has launched its new 'create your own event' initiative. ZAPspace work alongside clients to tailor packages to meet individual organisational, budget, or personal requirements.

A fun-filled flexible event and leisure venue with facilities for large and small events, ZAPspace is the perfect place for corporate team building, meetings, organisation away-days, private functions and parties. If that wasn't enough, they are located just minutes from Stratford underground and Stratford International stations, so just a hop away from central London offices.

Whatever you need, ZAPspace can cater for it. A huge trampoline park dominates the space, with a capacity of 92, and offers a wide variety of games to drum up that competitive team spirit. Dodgeball courts, high jumps, gladiator-style battle beams, basketball hoop, drop slide and a climbing grid are all on hand to compliment any team building strategies you may want to tackle!

With our very own bistro on site, dedicated to meet your catering requirements, as well as an amazing creative meeting space with top notch AV facilities, ZAPspace is the ideal place to make sure your event is a bouncing success.

And it doesn't end there, this fun emporium also hosts a secret speakeasy bar, tucked away in the basement, for those who want to continue the staff party into the early hours. Cocktails, craft beers, wines and spirits are on offer, along with DJ facilities, to really give that long-awaited away day a boost.

Henry Frost, ZAPspace CEO comments:

“We pride ourselves on being able to cater for any type of corporate event. We don't force companies to sign up for a certain package, and instead aim to fulfil your requests and be creative. We can design a package bespoke to you. The variety of spaces we have, all under one roof, mean that all party sizes and budgets can be catered for. Our team of event managers are experienced in dealing with all types of events and will work with you to plan and host your experience, to make sure it's a hit with your staff.’

ZAPspace is already proving popular with small and large corporates choosing to host their team meetings and away-days here, including HSBC, Newsweek, Booking.com, The Trainline and Mitsubishi Bank to name a few.

Right next door to ZAPspace, opposite Stratford High Street DLR station, is sister venue 'Pitch Stratford', a **360-capacity pop-up party space** with street food stalls, a well-stocked bar, and a giant screen. Operating as an open-air venue from the 29<sup>th</sup> March through to the end of September, this venue is another string to our events bow. Available to hire exclusively outside of scheduled events.

Ends
